**DATE: 05 JUNE 2025**

**RE: REPORT FOR THE MABVUKU/TAFARA CLEAN-UP CAMPAIGN WHICH FROM MABVUKU HALL,  
MATONGO SHOPPING CENTER AND END AT KAMUNHU SHOPPING CENTER.**

---

On the 5<sup>th</sup> of June we managed to host a clean-up campaign in Mabvuku/Tafara in collaboration with various stakeholders, organisations, stakeholders, Councillor's, District Office, and Community Development Committee.

One of our partners (AHF Zimbabwe) who were at the program managed to pitch a tent and do HIV testing, STI screening and treatment, and Condoms distribution:

The statistics for the service which AHF Zimbabwe delivered to the community were as follows:

**Young People's Power (AHF Zimbabwe)**

25 tested HIV  
25 screened for STI  
4 had symptoms and got referred for treatment  
48 pads got distributed to young girls.

At the program there were various groups including newly formed group of Community Power Voices (CPV) which is under AHF Zimbabwe. They also managed to advocate for various topics include safe sex, saying no to drugs, early child marriages etc. we helped them to get tips on drug dealers which are around Mabvuku and also they distributed nearly 500 male condoms to money changers, mahwindi, car wash, and into car parks.

**SUCCESSES OF THE PROGRAM:**

We have managed to create a strong engagement between the community and its service deliveries which were at the program, which helped the community to know the exact place to go when they need help which was the major reason for the clean-up campaign.

**GUESTS WHO WERE AT THE PROGRAM:**

1. MR. Guzha (District Officer)
2. MR. Meda (MP Sakupwanya Rep)
